

AI DISCOVERY PACK

TURN AI HYPE INTO REAL BUSINESS VALUE — **IN JUST 2 WEEKS**

Our **AI Discovery Pack** eliminates the guesswork. In just **2 weeks** we'll dive deep into your product, data, and workflows to identify **1–2 high-impact, economically justified AI opportunities** — giving you the clarity and confidence to move forward without unnecessary risk.

WHAT YOU'LL GET

CLARITY

specific AI use cases tailored to your business, not generic “AI ideas.”

SPEED

a fixed, 2-week engagement (~100–120 hours of senior AI & business analysis).

ECONOMIC JUSTIFICATION

each proposal includes ROI projection, cost breakdown, and feasibility score.

ACTION PLAN

concrete roadmap from idea to MVP or production-ready rollout.

AI DISCOVERY PACK

WHY YOU NEED THIS

AI is everywhere — but moving from “we should try AI” to actual results is where most companies get stuck.

THE BIGGEST BARRIERS?

- Not knowing where AI makes sense in your business.
- Not having clear ROI projections to justify investment.
- Fear of starting a project that's too big, too risky, or too vague.

AI DISCOVERY PACK

THE PROCESS

2-3 in-depth sessions with your product, operations, and data teams to map processes, pain points, and goals.

Identify, score, and prioritize AI use cases based on ROI potential, technical readiness, and business impact.

Develop detailed descriptions for the top use cases: required data, functionality, estimated costs, and expected results.

Evaluate data quality, integration needs, compliance requirements, and potential risks before moving to development.

WHY THIS WORKS

LOW COMMITMENT

fixed scope, predictable cost, clear timeline.

HIGH ROI POTENTIAL

insights backed by numbers, not buzzwords.

FUTURE-PROOF

sets the foundation for scalable AI adoption in your organization.
